City, Date

Signature

^{1,2} Further details can be found in the section 'General Information' on the back of this page

General Information

Usually, degree certificates will be issued within twelve weeks.

They include the degree certificate, examination certificate, diploma supplement, and the final academic transcript (Transcript of Records). These documents will be issued in German and in an English translation.

Please check all information in your ahoi account before submitting this form. Degree certificates can only be issued if all course work and examination performances have been successfully finished and all exam results were entered into the ahoi system.

¹ Date of final examination: The date of the final examination is the day on which you fully completed your last exam performance, regardless of the date of its evaluation. Should your last exam performance be a recognition of a previous exam achievement, the date of the final examination will be the day of the recognition's approval. Please check your last exam performance in your ahoi account.

² Deregistration: With the successful completion of your studies, this submitted form will be further considered as a request for deregistration from the university. In general, the deregistration will be processed by the end of the semester in which you have been re-registered most recently. Should you wish to be deregistered on an earlier date, please state this in the relevant field. Please note that this date must not be before the submission date of this request form. You will receive a certificate of deregistration along with your degree certificates.
